

ST. JOHN'S EPISCOPAL CHURCH  
**2017** ANNUAL REPORT

# IT'S ALL ABOUT Jesus

Dear Friend in Christ,

It's all about Jesus. In this annual report, you will read stories, delight in pictures of parish members, and view facts and figures. But, really, it's all about Jesus and his great love for the people of St. John's and our community.

Let's keep this thought in our minds and hearts as we prepare to renovate our historic church. In the past year, leadership has been working hard to make sure that we proceed prayerfully and carefully on this major project. We've sought to communicate with the parish at every step and listen to your ideas.

Construction is never easy. In the coming year, you can expect dust, noise and inconvenience. But these are wonderful challenges: we can look forward to a restored historic church and improved space for Christian education and fellowship. Recall our recent stewardship theme: Building on the Past, Growing for the Future. Our campus will continue to be a sacred place where members of our church and the wider community meet Jesus and grow in grace.

Our strategic plan, *Fruits of the Vineyard*, is all about abiding in the Vine of Jesus. We are undertaking this visioning with our enhanced campus in mind. Now is the time for us all to get excited about how our buildings will make it possible for us to grow deeper in our relationship with God and each other.

As the writer David Brooks reminds us, "We build buildings and then buildings build us." In the coming year, we'll wonder together how our ministry spaces will build us and strengthen our community.

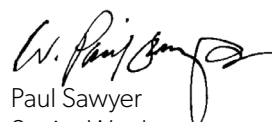

We'll launch our grassroots, Spirit-filled strategic plan in the fall, and the vestry will be partnering with you to implement God's dream for our future in the coming years.

While we don't know all the details of the plan, this much is clear: God is calling us to go deeper, to grow not just in numbers, but in the depth of our faith and commitment to follow Jesus as disciples.

Worship. Prayer. Study. Service. The Christian life isn't complicated, but that doesn't mean that it's easy. We are called to give of ourselves to God and neighbor without holding anything back. An amazing thing happens when we commit our lives to Jesus: what at first can seem demanding begins to feel light as we discover together true freedom and abundant life.

Our worship, classes, events, café, meetings, concerts, bookstore, buildings, grounds, giving, budgets: it's all about Jesus. It's a joy to serve alongside you in the vineyard of St. John's. May we continue to stay close to Jesus and bear abundant fruit. Faithfully,

  
The Rev. David C. Killeen  
Rector

  
Paul Sawyer  
Senior Warden

**While we don't know all the details of the plan, this much is clear: God is calling us to go deeper, to grow not just in numbers, but in the depth of our faith and commitment to follow Jesus as disciples.**

Parish Presentation on 100% Construction Plan JANUARY 24, 2018	City of Tallahassee issues first of many building permits to come DECEMBER 28, 2017

## For All the Saints Construction

The year 2017 was a period of transition and planning for the St. John's community. It started with the end of our For All the Saints capital campaign. The campaign, which had a goal of \$3 million, ended with almost \$5 million in pledges. Funds will be used to repair and preserve the historic church and for additional renovations and improvements to the campus.

The St. John's Building Committee, chaired by Charley Redding, carefully listened to members of our parish to ensure the project meets the needs of our community. Heimsath Architects, based in Austin, Texas, was selected for this project based on their extensive experience in religious and community architecture. Gilchrist, Ross and Crowe Architects was hired as the local architectural firm.

Eight local contractors submitted proposals for the construction project. They were each evaluated and scored based on project team experience, number of church projects, number of historical renovations and references. Four contractors were asked to give 30-minute presentations to the committee. Childers Construction Company, the top scoring company, was hired. Childers has previous experience at St. John's, having performed renovations to the church in the early 2000s. Bishop John Howard and the Episcopal Diocese of Florida Architectural Review Board approved the selection.

After several drafts of the master plan were reviewed by the parish and adjusted based on feedback, the team finalized the plan. St. John's was awarded two grants during the 2018 Legislative Session totaling nearly \$470,000 from the Florida Department of State's Division of Historical Resources to assist with preservation of the historic church.

St. John's had hoped to build a Welcome Center on the corner of Call and Calhoun Streets as part of this project. Unfortunately, the final bids were too expensive to build the Welcome Center during this phase of the master plan. The church would have had to borrow between \$2 - \$3 million. Servicing that debt would put a great deal of stress on our annual budget and constrict our thriving mission and ministry, so the Welcome Center will be revisited in the future.

Construction will move forward on the approximately \$1.2 million preservation work on the historic church during the summer of 2018. Windows on the second floor Sunday School wing will also be replaced.

The Building Committee and Vestry are exploring other construction options based on the existing master plan, which was the fruit of a congregation-wide effort. We will

re-prioritize the timing of new construction based on the funds we have available. Any revised construction project will be based on the four values represented in the capital campaign: historic preservation, Christian welcome and hospitality, accessibility and buildings that impact St. John's members of all ages. St. John's will seek counsel and feedback on the new construction project from members before proceeding.

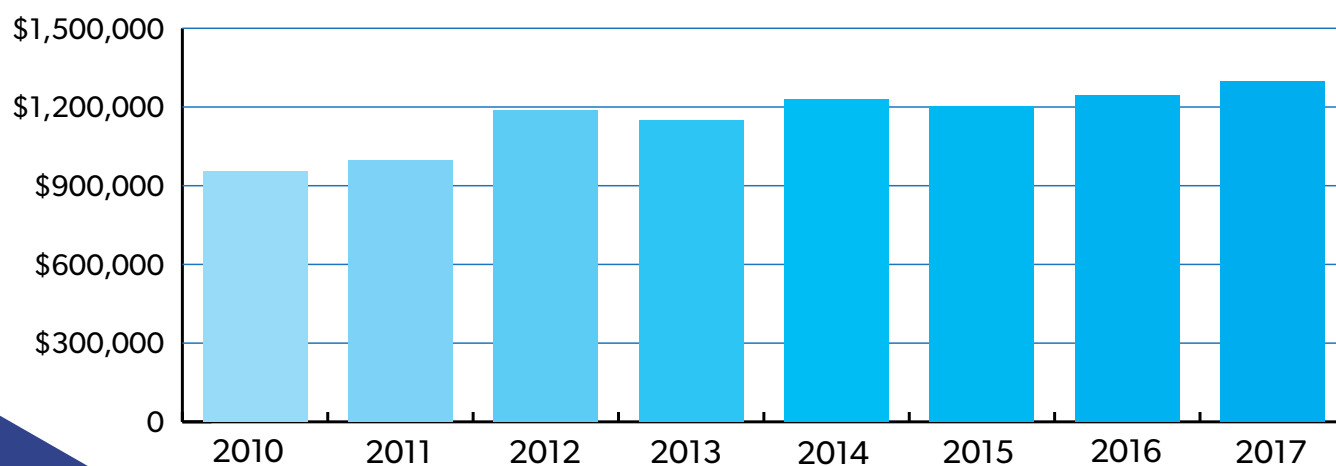

## Stewardship & Finances

During 2017, St. John's expanded its emphasis on stewardship and finances. Kate Kile, director of finance, became director of stewardship and finance. Kate will focus on how stewardship is a spiritual practice. A person of deep faith and contagious enthusiasm who listens carefully for the heartbeat of Jesus, Kate will encourage us to give joyfully and mentor the generations who will follow us. To support Kate in her new ministry, we welcomed Nancy Barfield as a part-time finance assistant. Nancy recently

retired with more than 25 years of accounting experience at Johns Hopkins All Children's Hospital. And for 2018, the St. John's Vestry approved a balanced budget.

Thanks to the generosity of our members and friends, St. John's is poised to have a strong 2018. Our hard work will be worth it in the end when are able to open our doors to more people in the Tallahassee area and help them connect with God in a more meaningful way.

### St. John's Episcopal Church Giving Trends

## Fruits of the Vineyard Strategic Plan

St. John's also spent 2017 laying the groundwork for its next strategic plan. Our last strategic plan, Visioning the Vineyard, which was fully funded by the St. John's Foundation, resulted in many new programs, including Lenten Prayer Partners, Senior Adults Living Triumphantly (S.A.L.T.), Youth Being Extraordinary in and Around Tallahassee (B.E.A.T.), Advent Luncheon, Jewish Christian Teaching Series, choir tour and parish pilgrimage to England, Living Waters in Cuba, student mentoring project, Do Justice social justice group, Growing in Grace adult confirmation class, Invite.Welcome.Connect. evangelism program, Men's Grill and Chill and construction of the St. John's Memorial Garden and Columbarium.

The Fruits of the Vineyard Strategic Planning team, co-chaired by Nancy Mattimore and Sarah Ball Miller, is made up of about 20 parish members of all ages, including two senior high youth and two college students. In the fall, the team focused

on research, during which the entire parish was invited to fill out a survey and offer their insights, dreams and concerns. Everyone was also invited to take part in our parish-wide Visioning Day on January 6, 2018. More than 100 people came together that day to discern God's dream for our future.

Our new strategic plan, which has also been fully funded by the St. John's Foundation, will focus on three areas - Growing Our Faith Community, Growing in Spiritual Depth and Outreach, and Growing in Resources. The St. John's community gathered together again in April to develop specific initiatives that will help grow these areas. We desire to grow into a more vibrant congregation that connects Tallahassee's diverse population with

God and one another. We desire to discern the connection between contemplation and action in the Christian life

by being still before the Lord, going deeper and acting boldly in God's name.

We also strive to grow in resources.

### VISION:

In 2023 St. John's is a vibrant spiritual home with open doors to all leading a joyful revolution to share the abundant grace of God.

Growing Our Faith Community	Growing in Spiritual Depth and Outreach	Growing in Resources
In 2023, St. John's Episcopal Church is a thriving and inclusive faith community that connects Tallahassee's diverse population with God and one another.	In 2023, St. John's Episcopal Church is a downtown spiritual home drawing people into the light and love of Christ.	In 2023, St. John's Episcopal Church members give joyfully and use resources effectively.
<p>In order to achieve this goal, we will:</p> <ul style="list-style-type: none"> <li>Expand efforts to build a congregation where everyone has a voice, is invited, welcomed and connected.</li> <li>Develop diverse and relevant programming and content for currently engaged parishioners.</li> <li>Strengthen existing and create new programs to motivate members and non-members in the larger community who are religious but not engaged to participate in active ministry.</li> <li>Develop and implement ministries for the spiritual but not religious.</li> <li>Utilize technology to better engage and connect with the parish and beyond.</li> </ul>	<p>In order to achieve this goal, we will:</p> <ul style="list-style-type: none"> <li>Grow our advocacy for the dignity of every human being.</li> <li>Build internal capacity and external awareness of St. John's as a catalyst for spiritual growth and service to others.</li> <li>Prioritize and deepen community collaborations and partnerships.</li> <li>Improve the quality, variety, and reach of current worship, study, and prayer programs.</li> </ul>	<p>In order to achieve this goal we will:</p> <ul style="list-style-type: none"> <li>Transform stewardship into a joyful act of giving and celebration of our abundance.</li> <li>Develop a system to identify, record, and consistently manage time and talent resources within St. John's.</li> <li>Strengthen existing and create new activities to fund the vision through non-traditional means.</li> <li>Implement a comprehensive plan to enhance financial, physical, and human resources for a sustainable future with a balanced budget.</li> <li>Optimize use of new facilities by art, cultural, and community organizations.</li> </ul>
<b>CORE VALUES:</b> Worship   Compassion Openness   Community   Stewardship		<b>MISSION:</b> Loving and serving Christ and our neighbors in Tallahassee and the world.

For more information about St. John's financials, please contact Kate Kile, Director of Finance, at 850.222.2636, ext. 17 or [kate@saint-john.org](mailto:kate@saint-john.org).

The St. John's Bookstore invested in a new awning and computer in 2017. This ministry provides resources for spiritual growth and a peaceful place to explore them. Funds raised by the bookstore are reinvested into its inventory, so customers have the latest books and gifts available for purchase.

The Lively Cafe, where members of the Tallahassee community have gathered for lunch since 1998, experienced another record-breaking year in 2017. Sales were up 2% from 2016.

# St. John's Episcopal Church Foundation

St. John's Episcopal Church Foundation, Inc.'s mission and purpose is to partner with St. John's Episcopal Church to fulfill its mission and achieve its vision.

The Foundation can be most successful in achieving its mission and purpose if the Board and the parish work together to grow the endowment of the Foundation.

The Board manages endowment funds, reports regularly to the Vestry and congregation of the Church, and makes grants in support of the mission and ministry of the Church.

Gifts in recent years have supported outreach, parish-wide visioning, music, children and youth ministries, the For All the Saints Capital Campaign, and more.

## To the St. John's Parish Community:

It is again my pleasure to report to you on behalf of the St. John's Foundation board. I can report to you on continued progress toward fostering the growth of our endowment, having established and now growing the number of parish families committed as members of the 1829 Legacy Society, while also providing support to some important activities of our parish.

First, let me share some information about our endowment. Our overall endowment grew at an annual rate of 18.62%, reaching a cumulative total of \$1,490,858 at the end of December 2017. This compares to cumulative total endowment in December 2016 of \$1,283,470. This growth was the result of one bequest received and the remainder in investment earnings.

The 1829 Legacy Society was established last year to recognize past, present, and future individuals or families who have made provisions in their wills for planned gifts to the Foundation. The signing of a Letter of Intent demonstrating an intention to make a planned gift of any amount to the Foundation leads to membership in our Legacy Society. We are working toward a comprehensive approach to acknowledge those individuals and their gifts as we move forward. When our Legacy Society was initiated in late 2016, there were six individuals or families that had provided planned gifts to our Foundation. At the close of 2016, we have reached a total of 40 individuals or families who are Legacy Society members. Increases in planned giving is the best way to grow our endowment.

Our updated Foundation brochure is available to provide an array of information on planned gifts, parishioner's stories of why they plan a gift, how-to proceed information, and more.

The Foundation is available to receive gifts in memory of special parishioners or friends as well as special cash or appreciated securities during the year. These immediate gifts, designated as Cornerstone gifts, are also key to the growth and health of your Foundation.

Our Board will continue to communicate with you on a regular basis, updating you on progress and key developments taking place related to your St. John's Foundation. Please feel free to ask us any questions or to request additional information if it would be helpful to you. Thank you for the honor of serving as the Chair of the Foundation Board of Directors.

Sincerely,

Raymond Bye, Jr.

# St. John's 1829 Legacy Society

The 1829 Legacy Society of St. John's Episcopal Church Foundation is a means of celebrating past gifts and receiving significant new gifts to be held in perpetuity. These gifts endow the long-term health of St. John's and are based on planned giving by parishioners.

Planned giving requires developing a personal plan to make a long-term gift to the Foundation. Making prayerful decisions about planned giving is a process, and the Foundation is here to help you with the thinking and planning necessary to lead you to your goal.

We invite your support of the Foundation in the form of a planned gift through any of these approaches:

- A bequest
- Life insurance
- Retirement funds
- Transfer of securities or other assets
- Other efficient means of making an enduring gift.

The variety of planned gifts that have been pledged to our Foundation are as diverse as our parish. Some have pledged to tithe their estates. Others have chosen to remember the Foundation in their wills or through designations from retirement funds. Others have created trusts that will benefit the church through the Foundation. While their ages have ranged from their 30's to their 80's, the common thread has been their desire to support the mission and ministry of St. John's Episcopal Church.

"St. John's continues to grow as a parish and a positive influence in the Tallahassee community. To assure that St. John's has the resources to support that growth in the future, beyond the yearly pledges of its parishioners, I decided to join the 1829 Legacy Society, and make a commitment of funds to the St.

John's Foundation upon my death. I encourage other parishioners who have not yet done so, to favorably consider joining the 1829 Legacy Society to support and maintain St. John's presence in the Tallahassee community for years to come."

- John Slye

# Ways to Support the St. John's Foundation

Saint John's Episcopal Church Foundation invites and encourages current (Cornerstone Gifts) and planned gifts (1829 Legacy Society Gifts) to increase the endowment, from which future grants will come as the endowment fund grows and generates income.

St. John's Episcopal Church Foundation invites and encourages planned gifts to increase the unrestricted endowment. It is to this endowment that the long-term health of St. John's Episcopal Church depends, and from which future grants will come as this endowment grows and generates income.

St. John's 1829 Legacy Society is a way to thank people who have given to the Foundation through a planned gift, such as a bequest in a will, and those who intend to give to the Foundation in the future. Gifts of any amount are appreciated and those givers are recognized as members of the 1829 Legacy Society.

Named funds may be established in perpetuity with planned gifts of \$250,000 or more.

## Easy and Efficient Ways To Give:

**Wills or bequest:** A simple provision in your will may be the easiest way to make a planned gift. If you already have a will, often a new bequest can be added through a one-page codicil or addendum to your will.

**Life insurance and annuities:** Insurance can enable a donor to gift a significant amount for a relatively small cost. Gifting

options and insurance products allow for a great amount of flexibility in how they can best benefit the donor and organization.

**Retirement funds and Individual Retirement Accounts (IRA):** Retirement funds and IRAs can be a tax efficient way to give. Gifts can also include the Required Minimum Distribution (RMD) from an IRA.

**Gift of appreciated assets:** This may include stocks, mutual funds, gains from the sale of business interests, or real estate. Gifting some or all of these appreciated investments can be advantageous for donors and make what may seem like a small investment yesterday incredibly impactful today.

**Charitable trusts:** These may be funded by the sale of an appreciated asset which can allow for the generation of income for the donor today as well as generation of an impactful and lasting gift to the Foundation tomorrow.

**Retained life estates:** A donor makes a gift but retains control for life. Examples often include a donor's personal residence.

**Cash:** Cash is often the quickest and easiest gift to support our mission in the here and now.

Ben Bowersox, a former co-chair of the Vestry's Stewardship Committee and an advisor with Capital City Trust Company, is available through the Foundation Board for advice on planning your gift. There is no cost to you.

You may contact Ben Bowersox at 850.544.5458 or at [Bowersox.Ben@ccbg.com](mailto:Bowersox.Ben@ccbg.com). Please always include your tax advisor and estate planner before making any final decision.

# Financial Performance of the St. John's Episcopal Church Foundation

## Annual Financial Report for 2017

The St. John's Episcopal Church Foundation has had an outstanding year because of the strong interest and support of the parish. This particular report will focus on the financial health of the Foundation and the growth of its endowment in 2017. In addition to the unrestricted endowment, the Foundation oversees two restricted funds. The balance in the unrestricted endowment account, the Lively Fund, and the Munks Fund performed as follows:

QUARTER	UNRESTRICTED ENDOWMENT ACCOUNT	LIVELY FUND	MUNKS FUND
December 31, 2016	\$986,805	\$195,292	\$101,373
March 31, 2017	\$1,042,456	\$206,615	\$107,356
June 30, 2017	\$1,071,155	\$212,729	\$101,748
September 30, 2017	\$1,121,536	\$222,535	\$106,182
December 31, 2017	\$1,147,385	\$232,694	\$110,779

The overall investment return for both the unrestricted and restricted funds for 2017 was 18.62%. On 12/31/17, the total funds in restricted and unrestricted accounts held by the St. John's Episcopal Church Foundation was \$1,490,858.

The future for the St. John's Foundation looks bright. As of 2015, our 1829 Legacy Society had received six planned gifts (dating back a number of years). In 2016, we grew dramatically to a total of 26 members. In 2017, the Foundation's growth continued and we are currently at a total of 40 members. We look forward to continuing this strong momentum in the coming years through intentional planned giving education and invitations.
